

Handbook Changes 2017

We have taken all of the original information from our former handbook and reformatted the information into categories.

In many cases, we have simplified the language to increase clarity and to provide direct information.

The following areas have had the following significant edits:

- a. Page 8 - Academics
 - Added Infinite Campus access information
 - Added Pathways outline
- b. Page 11 - Devices and Internet
 - Changed title
 - Included more precise language under personal electronic devices (and removed walkie talkies)
- c. Page 27: Code of Conduct
 - Removed Rules and Sanctions
 - Modified language from our system to monitor civil right violations
 - Added Policies: student discrimination and harassment complaint policy
