Re: Letter of Resignation

Dear Patrick & Heather,

Although I have enjoyed working as ICS's school nurse for this current school year, I will not be able to fulfill this role next year. As of today, May 4, I will have worked the suggested 7 days since January, 2018. I will complete the end of the year report to DOE regarding vision and hearing screening electronically and make sure you have a copy of the report.

Thank you for the opportunity to work in this unique school.

Sincerely,
