

Islesboro Central School
School Board Policy Committee Meeting
October 24, 2017
4:30 – 5:30 p.m.
Superintendent’s Conference Room

Agenda

1. Discussion of policy issue #1: Policy AE—Sustainability and Environmental Health. Our Sustainability Committee, which has been meeting for the past year and a half, is advocating to the board that it adopt a broad policy statement around sustainability to ensure that a variety of actions, from curriculum to energy efficiency, can move forward with support by the board. The attached policy draft should get this conversation going with the policy committee. I’ll see if someone from the Sustainability Committee is able to join us.
2. Discussion of policy issue #2: Policy ADA—School District Goals and Objectives. Given the recent discussions at the board meeting, it seems like the Policy Committee might wish to revisit the specific language of this policy to be sure it aligns with the process the board intends to use on an annual basis.
3. Discussion of policy issue #3: Policy DJE—Purchasing and Bid Procedure. As the board reviewed the fuel oil bids, it was recommended that this policy be brought to the Policy Committee for review.
4. Set meeting dates and tasks for the remainder of the year.
5. Adjourn.
