Sustainability Committee Meeting 2-9-16

Present:

Jen M, Jon K. Sarah, Linda B., Melissa O., Patrick P.

We had a quick but good meeting:

1. To answer "What is Sustainability Night and why are we doing it?" (our "elevator speech"), we will survey the students for focus and buy-in. a. What is important to you on this island? b. What do you hope will stay the same, or change?

Distribution of survey:

Elementary - classroom teachers

6th - Jill

7/8 - Jon K.

HS - Melissa

Surveys due by Wednesday, February 24.

Sustainability Committee will create "elevator speech" based on results of survey.

2. Ryan Martin provided a resource that Melissa shared, which gives great advice on achieving school-wide sustainability. [Whole-School Sustainability Framework](#).

3. Next meeting Thursday, February 25, 12pm, library.
